SHORT DESCRIPTION

I am an information systems graduate and i was born on 20 september 1999 who has a passion for creating a program and testing a program. Previously I was a Test Engineer or SDET at Tokopedia approximately for 3 month and I am an expert in Java Programming. Before join Tokopedia, i improve my skills with joined Alterra Academy Bootcamp which focused on Quality Engineer Program. I learned a lot of things about Quality Engineering, and now I am skilled with full automation testing using Serenity Selenium, RestAssured, Appium, JMeter and now I can use more tools like CI/CD Jenkins and Katalon.
